

SYSTEM SAFETY SOCIETY

Organized 1962
Incorporated 1973

Professionals Dedicated to the Safety of Systems, Products & Services

31 July 2017

To: Janet Gill, PhD EE and CE

I am pleased to inform you of the decision of the Executive Council of the Washington DC (WDC) Chapter of the International System Safety Society (ISSS) to appoint you to the position of Special Projects Officer. Your tenure in this position starts on 01 August 2017 and ends 30 June 2019.

As the Special Projects Officer you will be responsible for all activities as assigned by the President or Executive Council of the WDC. Special Project criteria require that all assigned activities are directly related to WDC and ISSS objectives and principles and are of direct benefit to the WDC Executive Council or the membership at large. The Executive Council has been made aware of your interest in integrating System Safety and Cyber Security and is excited about the possibility of showcasing this effort in the near future.

The WDC Chapter recognizes you as a System Safety professional who is known nationally and internationally as an expert in military, primarily aircraft, and other civilian transportation software systems safety processes with a distinguished federal government career spanning over thirty years and feels that your skills and experience are beneficial to your new position. We admire that you pioneered the Software System Safety portion of System Safety for NAVAIR flight clearances and became an international expert, speaking at conferences, symposiums, and companies in six out of the seven continents, applying concepts to survivability, system assurance, network centric availability, lethality, as well as system safety including hardware, software, and human system integration.

We appreciate your dedication to the society as the former Scholarship & Education Officer and thank you for volunteering your time and effort to support the Society.

We are certain that you will enjoy continued success as our Special Projects Officer. Please accept our congratulations and best wishes.

Sincerely,

E. Paul Denk/ President
Washington DC Chapter
International System Safety Society
